## Great Plains Laborers' District Council

### Feel the Power

Our organization is a unique partnership between the Laborers' International Union of North America (LIUNA) and its affiliated contractors, working collaboratively to enhance the construction industry throughout the Great Plains region.

At Great Plains LECET, we are committed to fostering relationships between laborers and employers while advancing initiatives that promote safety, training, market expansion, and workforce development. My role as Director is to ensure that we continue to build on this legacy of cooperation and innovation, creating opportunities that benefit contractors, union members, and the communities we serve.

Our customers benefit by receiving the best product, while staying within budget and delivering your construction project in a timely manner. By maintaining a highly skilled and safety-conscious workforce, supporting responsible contractors, and connecting talent with projects, we aim to provide exceptional value and unmatched quality to every stakeholder involved.

Through targeted programs, industry partnerships, and advocacy efforts, Great Plains LECET strives to secure critical projects that drive economic growth and elevate standards across the construction industry. Whether it's by facilitating cutting-edge training, promoting infrastructure investments, or working directly with contractors, our efforts are always focused on achieving excellence.

I look forward to exploring ways we can work together to achieve these goals and create meaningful, long-lasting impacts. Please do not hesitate to reach out to me directly if you'd like to discuss potential opportunities for collaboration or learn more about Great Plains Laborers' initiatives.

Thank you for your time, and I hope we can connect soon.

On behalf of the Iowa Laborers-Employers Cooperation and Education Trust (Iowa LECET), I would like to take this opportunity to introduce our organization and highlight the ways in which we are working to support economic growth, workforce development, and responsible construction practices across the states of Iowa, South Dakota & Nebraska.

Iowa LECET is a joint labor-management partnership between the Laborers' International Union of North America (LiUNA) and its signatory contractors. Our mission is to promote quality construction, foster economic development, and create opportunities for skilled laborers and responsible employers alike. We serve as a resource hub—connecting contractors with trained labor, supporting infrastructure investments, and advocating for fair contracting standards in both public and private sectors.

Whether through market development, workforce training, safety initiatives, or strategic partnerships, Iowa LECET is committed to advancing the construction industry while ensuring projects are built on time, on budget, and to the highest standards.

We look forward to the possibility of working with you, and we welcome any opportunity to collaborate or answer questions you may have about how Iowa LECET can support your goals. Thank you for your time and consideration.

## Illinois Veterans' Home at Quincy

Founded in 1886, The Veterans' Home at Quincy is Illinois' largest and oldest veterans' home. Steeped in history, it was the original Soldiers and Sailors Home. A statue of Private Joe Fifer, the home's icon, still looks over the expansive campus and its residents. 300 veterans and their spouses currently reside at the home in domiciliary, skilled, and memory care.

The Veterans' Home at Quincy recently unveiled a \$300 million construction project, including new, state-of-the-art domiciliary and long-term care buildings. The domiciliary offers studio and one-bedroom apartments with kitchenettes and living spaces. Common areas include a dining room, lounge, and outdoor spaces. The long-term care home offers private rooms and bathrooms and indoor and outdoor gathering spaces.

## Boys and Girls Club of Livingston County

708 N 1st Street • Fairbury, IL 61739

### Vissering Construction Company

**The Boys and Girls Club Mission:**  
 To enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

#### The Programs

Boys and Girls Club offers an After School Program for children ages 5-12 and a Teen Program for children ages 13-18.

#### What Boys & Girls Club Offers:

Rule number one for almost everything that happens at the Club is that it must be fun.

#### A Safe Place

The Club is a safe place where young people can come to enjoy themselves and their friends.

#### Age-Appropriate Services

Boys & Girls Clubs strive to meet the youth development needs in their communities. Stop by, meet our staff, and learn more about all we have to offer.

## Mutual of Omaha Headquarters

Omaha, Nebraska

Mutual of Omaha is currently constructing a new 44-story headquarters in downtown Omaha, Nebraska, which is set to become the tallest building in the state upon its completion in 2026. Standing 677 feet tall, the \$600 million dollar project, known as Project Beacon, is being developed by Lanoha Real Estate Co. and is being built by signatory contractor, JE Dunn Construction. The tower will encompass approximately 800,000 square feet of office, meeting, collaboration, and amenity space, along with a 2,200-stall parking garage that will serve both employees during business hours and the public during evenings and weekends. This project was possible due to the collaboration between the City of Omaha, Lanoha Real Estate Co., The Nebraska Building and Construction Trades Council, and our LECET program. We have also had multiple union signatory subcontractors performing utility and concrete scopes. This project has created hundreds of jobs for union contractors and union members in Omaha.

## Helmets to Hardhats

We Connect Veterans with Careers

In this time Helmets to Hardhats has helped over 40,000 military service members find quality careers and training in the construction industry. Signatory contractors can post career opportunities on the Helmets to Hardhats job board at <https://careers.helmetstohardhats.org/employers>

Any questions can be directed to :

Helmets to Hardhats (H2H) is a national program that connects transitioning active-duty military service members, veterans, National Guard and Reservists with skilled training and quality career opportunities in the construction industry. The program was created by the Center for Military Recruitment, Assessment and Veterans

Employment; a 501(c)(3) nonprofit joint labor-management driven entity. The program is designed to help military service members successfully transition back into civilian life by offering them the means to secure a quality career in the construction industry.

Most career opportunities offered by the program are connected to federally approved apprenticeship training programs. Such training is provided by joint labor-management organizations themselves at no cost to the veteran. No prior experience is needed; in fact, most successful transitions start with virtually no experience in their chosen field. All participating trade organizations
