Feel the Power

Our organization represents a unique and enduring partnership between the Laborers' International Union of North America (LIUNA) and its affiliated contractors—working collaboratively to strengthen and grow the construction industry across North Central Illinois and throughout Iowa, Nebraska, and South Dakota.

At Great Plains LECET, we remain committed to fostering meaningful relationships between labor and management while advancing initiatives that prioritize safety, training, workforce development, and market expansion. As we move into the new year, our focus continues to be on building a highly skilled, adaptable workforce and ensuring our signatory contractors are positioned to compete and succeed in an evolving construction landscape.

We are actively engaged in supporting infrastructure investment, renewable energy development, and community-driven projects that create long-term economic opportunity. At the same time, our broader footprint across Iowa, Nebraska, and South Dakota allows us to bring regional perspective, resources, and connectivity that benefit contractors and project owners alike.

When choosing a Union contractor our customers benefit from a workforce that is not only highly trained and safety-conscious but also committed to delivering projects on time and within budget. By aligning the strengths of union labor with responsible contractors, we help ensure exceptional quality, efficiency, and reliability on every jobsite.

Through targeted programs, strategic industry partnerships, and proactive advocacy, Great Plains LECET works to secure critical projects, promote fair and competitive opportunities, and elevate standards across the construction industry. Whether we are collaborating with developers, engaging with communities, or supporting our contractor partners, our mission remains centered on delivering value and driving growth.

We look forward to continuing to build strong relationships across the region and exploring new opportunities for collaboration. If you are interested in working together or learning more about how Great Plains LECET can support your next project, I encourage you to reach out directly.
